IMPORTANT INSTRUCTIONS

- Please read the instruction sheet carefully before you start assembly. Keep all packaging materials away from children during assembly.
- Remove all components from the carton and ensure that no parts are missing. Please look at the parts list for guidance. In case of missing parts, contact your dealer directly or email us at info@valiantbrands.com.au.
- This product is built for pets with a maximum weight of 15 kg.
- In order to guarantee the safety and functionality of this product, avoid any overloading.
- Ensure all components of the product are seated firmly in place and all screws and mountings are securely connected. Be sure to test from time to time.
- Do not lean against the Close to Me bed or play with it when the pet is inside.
- Do not make any alterations to the product to avoid compromising its safety.
- In the event of any possible damage to this product, only original replacement parts from the manufacturer must be used for repair.
- Do not use solvents, abrasives or aggressive cleaning products. Check fabric stitching and resistance after each wash.
- Keep this manual for future reference and to be passed on to any subsequent users.

PARTS

Bed Assembly

Bed Frame and
Base Stand

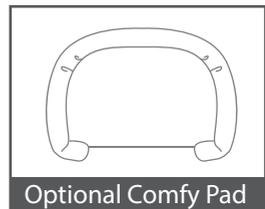

2 X End Caps

Securing Belt

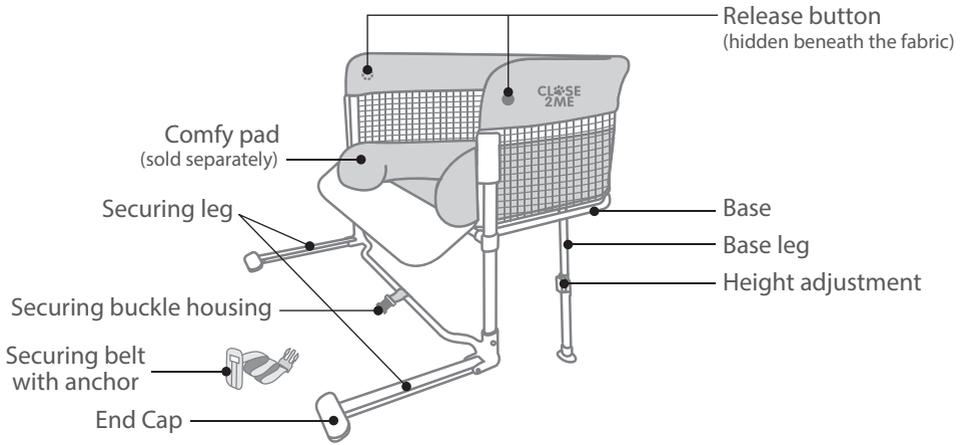

Storage Bag

Optional Comfy Pad

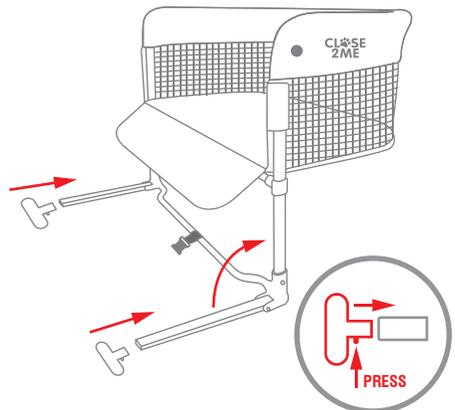

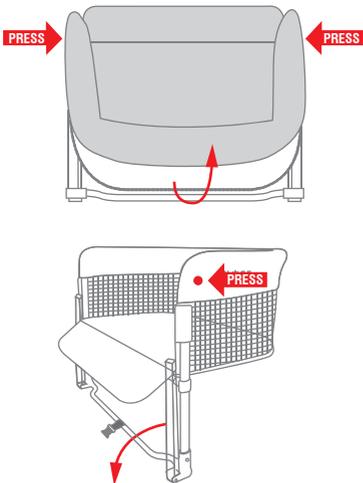

(sold separately)

FEATURES

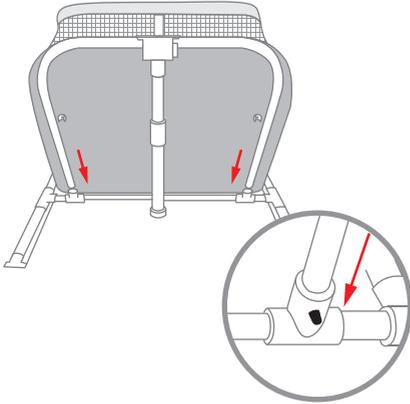

ASSEMBLY INSTRUCTIONS

- 1 Simultaneously pressing the two side release buttons, lift the bed assembly upward until you hear a click sound. This will indicate that it is fully extended and locked into place. Pull each of the securing legs forward until they're parallel to the ground.
- 2 While pressing the button on the end cap, push it firmly and fully into the open end of each securing leg. After insertion, ensure that the button is fully engaged. Repeat for the other leg. Reverse this process to remove. Fold the securing legs back after attaching the end caps.

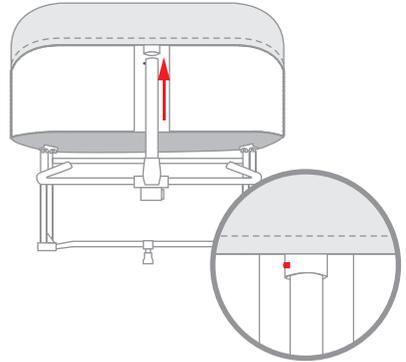

FRAME ASSEMBLY

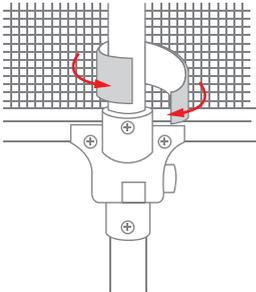

- ③ Push each end of the bed frame base into the corresponding housings in the leg support until they engage firmly into place.

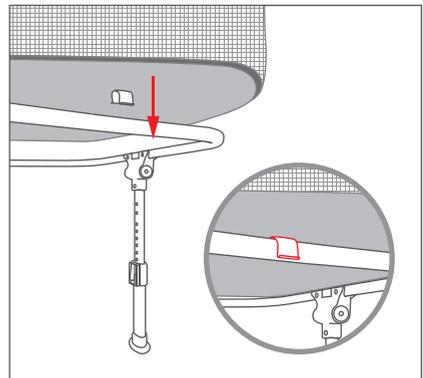

- ④ Insert the vertical tube into the housing on the underside of the top tube at the rear of the pet bed till it is firmly engaged in place.

- ⑤ Secure the frame to the bed fabrics by fastening the velcro strap around the tube at the rear of the bed.

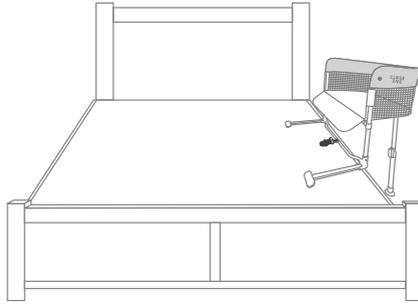

- ⑥ Secure the bed base to the frame by pressing down firmly on the clamps on the underside of the pet bed. Check that they have both fully engaged.

⚠ Ensure that all connections are secure before use.

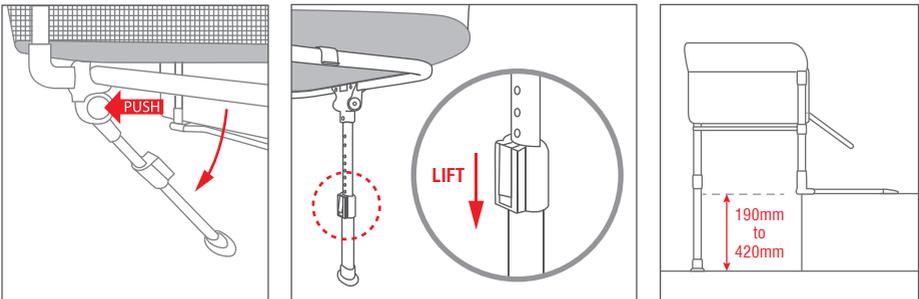

HEIGHT ADJUSTMENT

- 7 Remove your mattress and place the pet bed with the securing legs on the bed frame, beneath where your mattress would be.

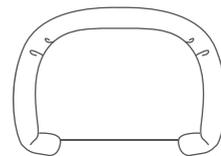

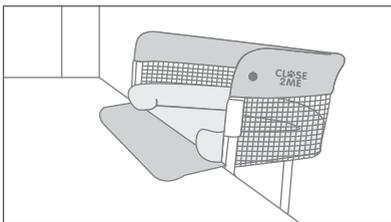

- 8 Push the button to release the support leg and pull it outward perpendicular to the floor. Adjust the length of the support leg by lifting the height adjustment button and simultaneously moving it in the desired direction until it makes firm contact with the floor.

Note: measuring from the top of the bed frame, the support leg extends from 190mm minimum to 420mm maximum.

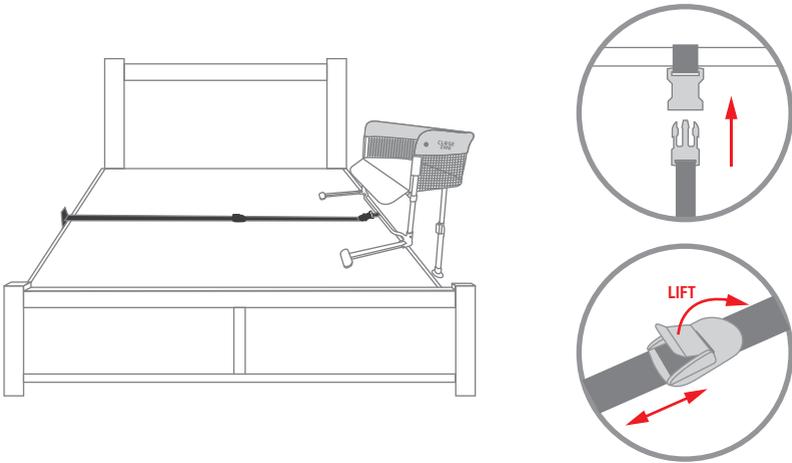

- 9 Optional: Place your comfy pad on the pet bed (sold separately).

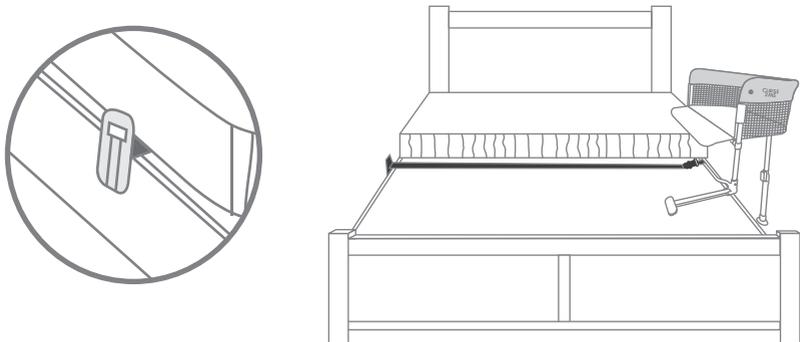

Comfy Pad

ATTACHING TO YOUR BED

- 10 Install the securing belt by inserting the fastener into the corresponding buckle housing on the pet bed frame. Adjust the belt length to suit your bed frame width by lifting the locking buckle and then pulling the strap in the desired direction. Close the buckle to secure the correct length. Place the anchor at the other end of the bed as illustrated.

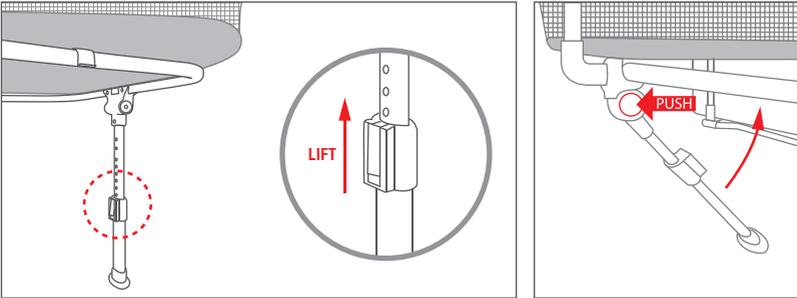

- 11 Return your mattress to your bed frame. The anchor plate should sit between your mattress and bed frame securely as illustrated.

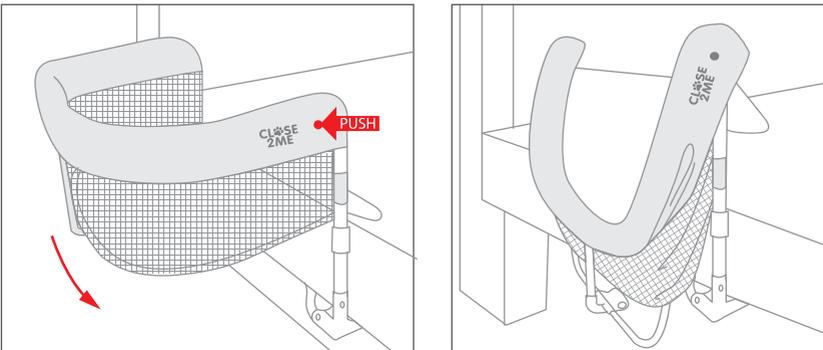

Never use the Close to Me bed without the anchor plate.
Ensure that the plate is attached and securely tightened before use.

TO FOLD

- 12 Lift the height adjustment button upwards and shorten the length of the Close to Me support leg. Push the release button to fold the support leg as illustrated.

- 13 Push the two buttons on either sides of the Close to Me bed and fold down.
